## Hello! This template is Results Contemporary

*by Sue Greenwood*

**We've got lots more template designs - have a look at the example newsletters to see others.**

Results Contemporary is a modern, clean-looking design with several colour options. It works just as well carrying pages and pages of results or listings, or, as here, as a 'showcase' brochure for your work, organisation or company.

As with all Sweeble templates, you have a choice of around a dozen different page layouts, giving you lots of options for adding articles, pictures and (optional) adverts. This is a simple four-page example, but you can produce magazines of up to 32 pages. All our templates are professionally designed and tested right through the print process to give excellent results. All the technical stuff is handled online through Sweeble - no need to buy software or pay a designer to do the work, Sweeble is DIY micro-publishing. How does it work? Well, in a nutshell, you upload your own pictures, write articles, and bring adverts into your sweeble archive, set up the template as you want it, then pick the content from your archive that you want to publish. And you do it all through sweeble online - even writing and spell-checking your articles and ordering printing.

## Who are the people behind Sweeble?

*by Sue Greenwood*

### **We're a small, hard-working company based on a Staffordshire farm.**

Our goal is to build great tools that make it easier for people to tell each other what's going on in their bit of the world. We think your news matters and we want to help you to share it. What do we mean by that? Well, fewer local newspapers and fewer local reporters means

fewer opportunities for your group, club, school, or charity to let people know what you're up to. So we want to make it easier for you to become your own news publisher. Sweeble is a complete micro-publishing tool, that helps you all the way from writing an article to printing a professional, full-colour glossy magazine. Sweeble is a family-run business with big aspirations. Owned by Sweeble Ltd, UK registered and owned and run by me, Sue, with my husband Greg. However, don't be fooled by the folksy approach, we might be a long way from Silicon Valley (actually 5,260 miles away), but we've built something ground-breaking in Sweeble. And we've got the talent and experience in the team to make it fly. We can't wait for you to try Sweeble out and let us know what you think.

## Add a handful of lovely, lovely Lorem Ipsum!

by Sue Greenwood

### A bit of dummy text to show you how big an article you could fit into this template page...

Abridged from the website: [www.ipsium.com](http://www.ipsium.com): Lorem Ipsum is safe dummy text. It has been the print industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. However, Lorem Ipsum is not simply random text. It

Tutbury Mill and castle

has roots in a piece of classical Latin literature from 45 BC, making it over 2000 years old.

Here is a chunk of Lorem Ipsum from [ipsium.com](http://ipsium.com)'s brilliant automatic Lorem Ipsum generator.

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Etiam eu nunc. Duis molestie, nunc eget accumsan tempor, nulla ipsum cursus justo, eu interdum sem nunc rutrum nisi.
